

## Report from CANA - Caribbean and North America Region of NCFI

The CANA region had their first regional meeting during the Innovations in Faith Conference with Indiana Wesleyan University in Marion, Indiana. We were honored to welcome Viles Dorsainvil, a representative of our new member country, Haiti. Viles reported on the new fellowship of NCF Haiti and their hardwork in reaching people and nurses for Jesus. The four day seminar was filled with many workshops which included 4 hours (1 hour per session) of the Art and Science Spiritual Care presented by Amy Rex Smith and Carrie Dameron. Many of the participants attended all four hours and plans are in place to attend the 12 hour full session. Amy is connecting with those interested and tentative plans will be explored.

The conference participants also had the opportunity to attend the SALINE Process presented by IHS Global. Approximately 10 participants in addition with other participants attended the training session taught by Bob Snyder and Gábor Győri. Many NCFI members attended the session and welcome this growing partnership.
