

## **NCFI COVID-19 31-Day Prayer Guide**

Grace & Peace,

We are experiencing an unprecedented time of illness and fear. Yet, the Lord continues his will and is actively working through each one of you providing the light of Christ to your family, neighborhood, and workplace. I want to take this time and unite us in prayer for you, our patients and families, and our colleagues. The NCFI Prayer & Care Committee has put together a 31-day prayer guide for this time. It is organized with an opening prayer, daily prayer/praise prompts, a listing of NCFI Fellowship Regions/Countries, and the NCFI leadership team. Please join us in serving one-another through prayer!

### **Opening Prayer for Nurses**

*We pray that the eyes of your heart may be enlightened, so that you will know what is the hope of His calling, what are the riches of the glory of His inheritance in the saints, and what is the surpassing greatness of His power toward us who believe. These are in accordance with the working of the strength of His might which He brought about in Christ, when He raised Him from the dead and seated Him at His right hand in the heavenly places, far above all rule and authority and power and dominion, and every name that is named, not only in this age but also in the one to come. And He put all things in subjection under His feet, and gave Him as head over all things to the church, which is His body, the fullness of Him who fills all in all. Amen. (Ephesians 1:18-22)*

1. Nurses and other health care workers have masks and other personal protective equipment when caring for COVID patients.  
v
2. High risk groups (elderly, immunocompromised, cancer, and others) protection from infection.
