NCFI Conferences and Congress

Conferences are held in each NCFI Region every four years. Nurses, midwives, and students from NCFI Regions meet regularly for fellowship, learning, encouragement, and leadership training. A World Congress is held every four years in different parts of the world.

The Next NCFI World Congress

will be held in 13-17 July 2020 in Denver, Colorado USA at the Colorado Christian University.
THEME: Opportunities and Challenges in Nursing Today: A Christ-centered Response.

Through the Next Generation (NG) Forum, students, young nurses and midwives can connect with contemporaries from around the world. Some have met through NCFI conferences or congresses, others have never met face to face, but gather online to pray together. Email ngeurope@ncfi.org to contact Next Generation.

At NCFI conferences nurses, midwives, and students enjoy learning networking and fellowship with colleagues from around the world.
