

Who We Are

Background

The Next Generation Forum exists to promote active engagement of early career and student nurses in the NCFI Regions, and to encourage them in their daily life as Christian nurses or students. It was formed at the 2012 NCFI World Congress in Chile. Last time we met was at the 2024 NCFI World Congress in Malaga, Spain.

NG Activities

Through the NG Forum, students and young nurses/midwives can join a prayer group online to meet other students and young nurses/midwives from all over the world. Some have met through NCFI's conferences or World Congress, but others have never met each other face to face. The monthly online prayer meeting is where we share life or thoughts around spiritual care, our nursing experiences and prayer requests.

Our Vision

We pray that Next Generation nurses and midwives will seek God's vision and take initiatives in expanding the NG network around the world.

About NCFI

Our History

Nurses Christian Fellowship International, was founded in 1958 as an independent, non-denominational, non-governmental, non-partisan corporation comprised of national Nurses Christian Fellowships (NNCFs). From its beginnings, when Scottish nurse, Johan Allen began to search out countries where there were Nurses Christian Fellowship (NCF) groups, and bring them together for mutual benefit, NCFI has been connecting nurses worldwide.

Our Purpose and Mission

The purpose of NCFI

is to connect Christian nurses around the world, equipping them to live out their faith in professional practice

The Mission of NCFI

is to equip and encourage Christian nurses to integrate Biblical principles and Christ-centered values in clinical practice, leadership, education and research.

The Aims of NCFI

are detailed in the Constitution, which you can view in our Whitepapers section in Resources.

About IICN

International Institute of Christian Nursing, a division of NCFI, is committed to the development and offering of various non-academic courses which engage nurses from across the globe in learning more about the integration of a Christian worldview into their nursing practice, education, leadership, and research.
